Dear [] [choose your councillor or send to all of the above]

I am a resident affected by the proposed development at the Gloucester Centre.

This scheme has not yet reached outline planning application stage.

[Once the outline planning stage has been started I will provide the reference number from city council's planning portal.]

I would be grateful if, under the Council's adopted scheme of delegation, you would 'call in' this application for determination by Members if officers are minded to accept the scheme.

I believe this to be in the public interest and the interest of the proper planning of the area.

If you have any queries, please do not hesitate to contact me on:

[]. [Provide your telephone/mobile/email]

I would also be grateful if the case officer could copy me into any correspondence, they might have in respect of the call in.

My particular concerns include:

[]

I do hope to gain your support in this worrying matter.

Yours sincerely
